PARQCOLOR FIBER AND CHROMATIC

NOTE: Due to the incorporation of jute fibers in the Fiber laminate surface, ABET is unable to produce a matching molding. We recommend the use of aluminum trim for both Fiber and Chromatic, however, vinyl track transitions and reducers will function well and can be obtained from local flooring distributors.

PARQWOOD

IMPORTANT NOTE: Parqwood consists of a natural wood veneer. Due to the characteristics of natural wood, there is deviation in color and grain. A change in color will result from UV exposure. ABET can only suggest approximate color matches for moldings. Typical characteristics of each wood over time and UV exposure are as follows: Darkening - 9715 Alder, 9730 Oak, 9824 Cherry, Lightening - 9826 Mahogany, 9829 Teak. Slight Darkening - 9716 Birch, 9820 Ash, 9825 Beech, 9835 Parquet Birch.
